PROJECTS

1. Al-Maaz Packages Company Website

Tech Stack: React.js, Vite, Tailwind CSS, React Router

Designed and developed the official website for a packaging company, showcasing services, product categories, contact form, and client trust-building sections. Used animations, sliders, and optimized routing for smooth user experience.

2. E-Commerce Website

Tech Stack: NextJs, Stripe, TypeScript, Tailwind CSS, Sanity, Clerk

Built a complete **e-commerce** web application with product management, cart system, user login/register, order history, and responsive UI. Admin dashboard included for managing products and orders. Focused on clean code and modern design.

3. Personal Portfolio Website

Tech Stack: React, Vite, TypeScript, Tailwind CSS, Figma, ShadCN/UI

Designed and built a modern, animated portfolio showcasing my projects and skills with dark/light themes and seamless page transitions.
